The master bedroom is generously sized and has an ensuite bathroom with Villeroy & Boch porcelain fittings. An additional three well-appointed bedrooms are located on the main floor, each with an ensuite bathroom and neutral décor, creating a spa-like retreat.

The rooftop terrace features a generous BBQ area with cooking, food preparation, and storage facilities. A covered seating and dining area provides shade from the summer sun, and there is a hot tub for relaxing evenings under the stars.

The villa features water-based underfloor heating throughout and air conditioning with controls in each room. There is also a utility and laundry room. The property benefits from top-of-the-range security systems, home automation and is equipped with solar panels, ensuring superior energy efficiency.
